

ESI 3-D

Product Description:

Enhanced Spatial Imaging. A 70mm, 3-D effect that explodes off the screen into the audience. This single-camera/projector 3-D technology reaches beyond anything ever seen before. A guaranteed crowd pleaser that will bring them back again and again.

Features and Benefits:

Over/Under 70mm 8 Perf
2.26 to 1 Wide Film Format

Superior picture resolution and sharpness. 250% larger than 35mm over/under and 86% larger than 70mm side by side.

Single High Intensity Xenon
Light Source

Greater screen brightness. Lower equipment, operation and maintenance cost than dual xenon lamp system.

Single 3-D 70mm Camera
without Anamorphics

Filming cost significantly lower than dual camera systems. Director has wide choice of shooting lenses which adds considerable variety to scene composition.

Single 70mm Projector

Lower cost of equipment, operation and maintenance than dual projector system. Focus adjustment and color balance faster and easier.

Curved 3-D Screen
Aluminized/Perforated Fabric

Installs quickly and easily into most existing theaters. Large enough to impress audiences while still maintaining academy standard brightness levels.

Eight (8) Discrete Channels
of Sound

Totally surrounds audiences with realism. Provides infinite number of sound effects.

3-D Glasses

Maximizes promotional value of film for operator and/or sponsor.

Equipment Supplied:

3-D Projection System with Lens & Polarizer
Aluminized/Perforated Fabric Screen with Frame and Mounting Hardware.
Omnisound System - 8 Channels

Options:

Continuous Loop Film Cabinet
Theater Structure

Services Available:

Technical Representative Services for installation and preventative maintenance.
Custom Film Production
Custom Film Titles for Sponsors
Foreign Language Narrations

Film Available in 1986:

*"Circus Magic"

The pageantry, thrills, excitement and drama of this circus spectacular explodes off the screen in ESI 3-D. From the Ringmaster to the Circus Parade you see each act as never before - close up and coming at you.

Better duck! Those crazy clowns are about to throw a pail of water.

Crack! Surrounded by snarling, ferocious, big cats the trainer's whip and chair are his only defense as he sends them through hoops of fire straight at you.

A stunning trapeze artist turns high above the center ring. On each swing she reaches toward you.

Delight to the Magician's slight of hand. Reach out to touch the doves and colorful scarfs as they float in mid-air.

You are the target of a masked knife thrower hurling one deadly dagger after another.

You'll gasp as the fire juggler's flaming torches nearly singe your hair.

Will he make it? A motorcycle and its rider precariously balanced on a cable, climb toward the lights. Slow angled ascension turns to disaster as bike and rider slide out of control.

There's more ! Horseback Riders tumbling, elephants trumpeting, and acrobats bouncing.

*Available for lease only. Length approximately 12 minutes. Foreign Language Narrations and Sponsor Titles available.

Lead Time:

Ten (10) to Twelve (12) weeks from confirmed contract order date.
